**MOTHER DAUGHTER PROGRAMS**

The Diocese of Sacramento is offering programs to help mothers discuss puberty and fertility with their 10 – 12 year old and 13 – 16 year old daughters. These programs are offered nation-wide and have helped thousands of mothers and daughters have healthy, wholesome and God-centered discussions about the sometimes challenging transition from being girl to being a woman. To register or for more information about program locations and content go to [www.motherdaughterprogram.com](http://www.motherdaughterprogram.com).

### ALWAYS PRO LIFE

The potential benefits of adult stem cell research are very considerable, since it opens up possibilities for healing chronic degenerative illnesses by repairing damaged tissue and restoring its capacity for regeneration. The improvement that such therapies promise would constitute a significant step forward in medical science, bringing fresh hope to sufferers and their families alike. For this reason, the Church naturally offers her encouragement to those who are engaged in conducting and supporting research of this kind, always with the proviso that it be carried out with due regard for the integral good of the human person and the common good of society.

~Pope Benedict XVI, Address to the Participants in the "International Conference on Adult Stem Cells: Science and the Future of Man and Culture," November 12, 2011

### MARRIED COUPLES

It has been said that the greatest gift you can give your children is two parents very much in love with each other. If you are frustrated with the communication in your marriage, consider attending a Worldwide Marriage Encounter Weekend. The next weekend will be held February 10-12 in Sacramento. Other dates/locations are available. For more information or to register, call Don & Jeannette Boltz (530)647-9749 or Barry and Julia Reynolds 530.724.0373 [juliabarry@aol.com](mailto:juliabarry@aol.com) or go to <http://sacramentowwme.org> today!

### **SIEMPRE PRO VIDA**

*Los potenciales beneficios de la investigación con células madre adultas son muy notables, pues da la posibilidad de curar enfermedades degenerativas crónicas reparando el tejido dañado y restaurando su capacidad de regenerarse. La mejora que estas terapias prometen constituiría un significativo paso adelante en la ciencia médica, dando nueva esperanza tanto a los enfermos como a sus familias. Por este motivo, la Iglesia naturalmente ofrece su aliento a cuantos están comprometidos en realizar y en apoyar la investigación de este tipo, a condición de que se lleven a cabo con la debida atención al bien integral de la persona humana y al bien común de la sociedad.*

*~Benedicto XVI, Discurso a los participantes en la "Conferencia Internacional sobre células madre adultas: la ciencia y el futuro del hombre y la cultura", 12 de noviembre de 2011*
